continue your child's learning at
home.

Any work with letters, numbers and
their name will prove to be
beneficial!

The online resources will be familiar
to the children and I hope your
family enjoys them!

Letter V

When forming the letter U: start at the top line, slant down, slant up

When forming the letter u: start at middle line, slant down, slant up

Use two crayons, or pencils, or anything that is straight to form a V. Try other letters like T,L

Using a few more straight pieces try A,M,N,H,E,F,

Make the letter V in the air with your finger like we do at circle time! Now write your name in the air!

Words that start with V: vet, violin, vase, violet, very....Can you think of anymore?

If you have the plastic Easter eggs at home, take them apart, mix them up and have the children match the tops and bottom colors.

Then sort by color and build a chart by placing them in straight lines and seeing which color has more, less or the same.

This can be done with jellybeans, skittles, M&Ms etc..
