These are fun educational activities!

Please feel free to continue using Dojo to message me what you are doing at home. This can be just message or a picture if you want me to share it on the class story. I will be keeping track each week that I have received something from you.

If you are not using Dojo, you can also email me:

Please use these suggestions to  
continue your child's learning at  
home.

Any work with letters, numbers and  
their name will prove to be  
beneficial!

The online resources will be familiar  
to the children and I hope your  
family enjoys them!

# Letter Y

**When forming the letter X:** start at top line slant down touch middle line. Start at top line again, slant down touch middle line, keep going straight down to bottom line

**When forming the letter x:** start at middle line slant down touch bottom line. Start at middle line again, slant down and go through bottom line to make a hanger.

Make the letter Y in the air with your finger like we do at circle time! Now write your name in the air!
