### Other EAA Scholarship Opportunities:

- Epilepsy Alliance America (EAA) manages a scholarship program for students with a diagnosis of psychogenic non-epileptic seizures (PNES) who are pursuing higher level education at a university or college or a trade, technical or professional school, using the funds from Dr. Myers. Awards are based on the quality of applications through a competitive scoring system that balances need with achievement. Awards are restricted to residents of the United States. If you are interested in applying for the PNES scholarship, please scan the QR code on the left.
- EAA also offers valuable resources to help students with epilepsy secure financial support for their studies on their scholarship page. Please review all of their scholarship opportunities by scanning the QR code on the left.
